Living and Non-living Things

We see many things around us like tables, chairs, glasses, plant, water, humans, cats, the sun, the moon etc.

These things can be divided into two different categories: living things and non-living things. Out of these, some of them exist in nature, while others are made by humans.

How are living things different from non-living things?

Living things can breathe, eat, grow, move, reproduce and feel, while non-living things cannot do any of these.

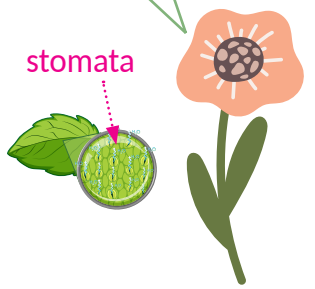

Living Things

I can **breathe** air.

We **breathe** air through our **leaves**.

I need **food** and **water** to grow.

I can **walk** and **move**.

We **grow** and also **reproduce**.

Non-living Things

We are **table** and **chair**. We are non-living things.

I am a **toy car** and I am non-living.

I am a **pencil** and I am non-living.

LISTING THINGS

Make a list of four living things around you.

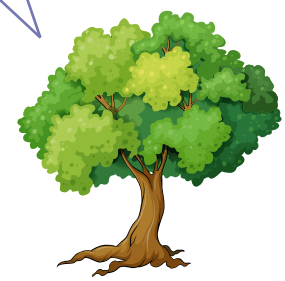

Then, make a list of four non-living things around you.

[Observation Skill]

Natural Things

There are many things found in nature which are not made by man. These are called natural things. Nature provides us both livings as well as non-living things. Plants, animals, birds, fish, and human beings are living things found in nature. These are called natural living things. Non-living things like mountains, clouds, lakes, oceans, the moon, the sun that are found in nature are called natural non-living things. These things are the gifts from nature. Remember, we cannot make these things ourselves.

I am a tree. I am **natural** and **living**.

I am a mountain. I am **natural** and **non-living**.

I am a lion with my cub. We are **natural** and **living**.

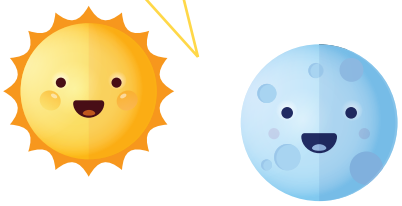

We are clouds. We are **natural** and **non-living**.

I am parrot. I am **natural** and **living**.

We are sun and moon. We are **natural** and **non-living**.

DID YOU KNOW?

The germs are also living things but they are so small that we need a special instrument called 'microscope' to see them.

Man-Made Things

There are many things which are made by man. They are called man-made things. Man makes things to satisfy his/her needs. Man needs shelter, so he makes homes. Man, also needs clothes, furniture like sofa, table, chair etc.,

paper, books and many other things. Man needs a transport to move. So, he makes cars, buses, trains, ships, airplanes. Usually, natural things are used to make man-made things.

I am a **book**, I am a man-made thing.

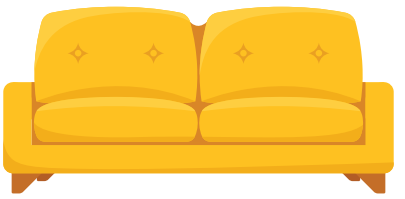

I am a **bulb**, I am a man-made thing.

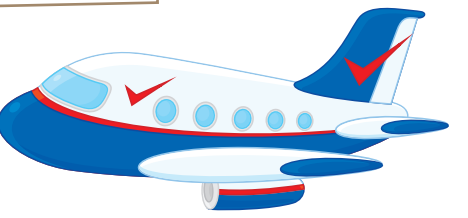

I am a **car**, I am a man-made thing.

I am a **sofa**, I am a man-made thing.

I am an **aeroplane**, I am a man-made thing.

DID YOU KNOW?

Living things are made up of cells, which are tiny building blocks that make up all living organisms.

Summary

Snapshot

- We have living and non-living things around us.
- Living things breathe, need food, move, reproduce, grow and die.
- All things can either be natural or man-made.
- All living things are natural.
- Non-living things like air, water, mountains, the moon and the sun are also part of natural things.
- Furniture, utensils, clothes, etc are all man-made things.

RIDDLE TIME

Q. What has keys but can't open locks? [*Lateral Thinking*]

Ans. A piano!

Activity Time

ORIGAMI DOG FACE [*Creative Thinking*]

Materials required: Origami sheets/Square piece of paper (any colour).

Instructions:

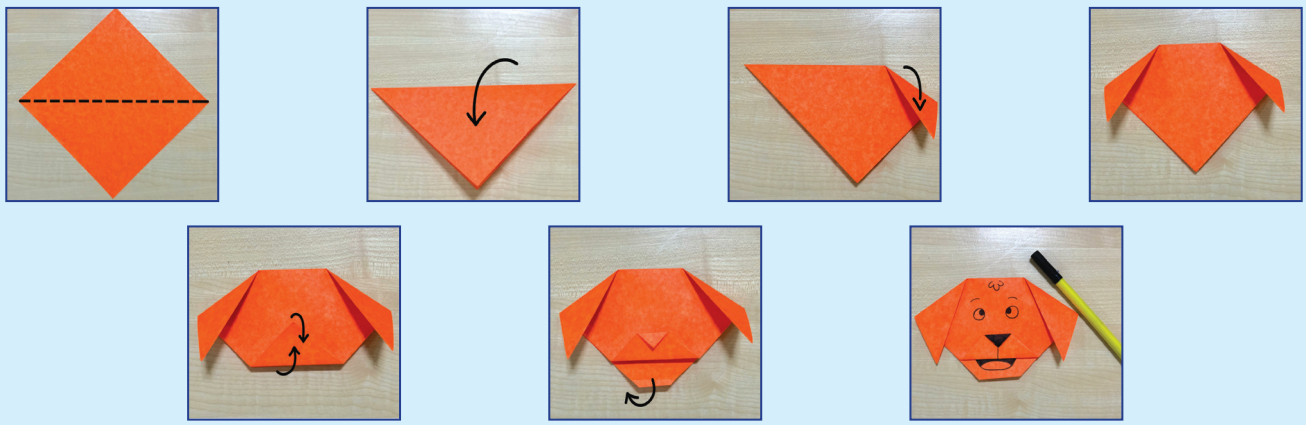

Step 1: Start with the origami paper in a diamond position (one point facing up).

Step 2: Fold the paper in half, bringing the top point down to meet the bottom point, forming a triangle.

Step 3: Fold the top corners of the triangle down to form the ears.

Step 4: Fold the bottom point up slightly to make the nose.

Step 5: Draw eyes and a mouth on the dog's face.

Check your knowledge

A. Fill in the blanks: [*Understanding Skill*]

1. The sun is a _____ thing.
2. Plants are examples of _____.

3. Cars and bicycles are examples of _____.

4. We need _____ to breathe.

5. A chair is a _____ thing that we sit on.

B. Find the odd one out:

[*Pattern Recognition Skill*]

1. Tree	Cat	Chair	Rock
2. Table	Flower	Sun	Bird
3. Fish	Tree	Bird	Rock
4. Sunflower	Rock	Dog	Tree
5. Cloud	Fish	Chair	Flower

C. Write (T) for True or (F) for False for the following statements:

[*Logic and Reasoning Skill*]

1. Clouds are living things.
2. Cars and bicycles are non-living things.
3. Rocks can grow and reproduce.
4. Animals can move on their own.
5. Plants are living things.

D. Write two examples of the following:

[*Thinking Skill*]

1. Living things: _____, _____
2. Natural things: _____, _____
3. Non-living things: _____, _____
4. Man-made things: _____, _____

E. Read the clues and solve the given crossword puzzle:

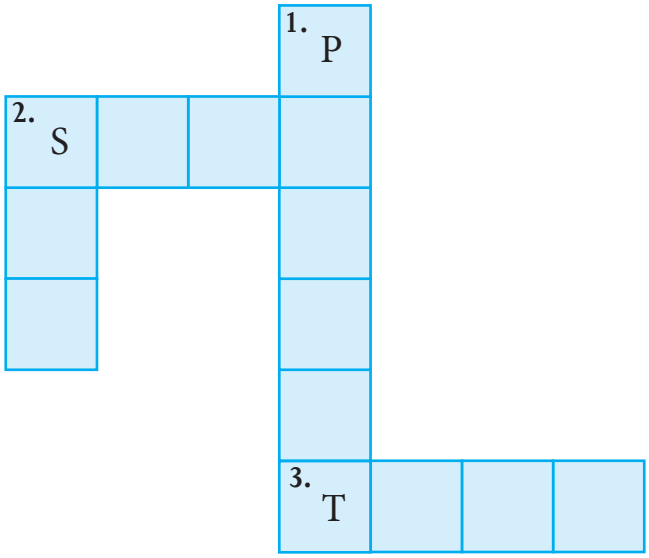

[*Problem Solving Skill*]

Across:

2. A man made thing on which we can sit.
3. A natural and living thing that has lot of leaves.

Down:

1. A living thing that is green and flies up in the sky.
2. A Non-living thing that gives us light.

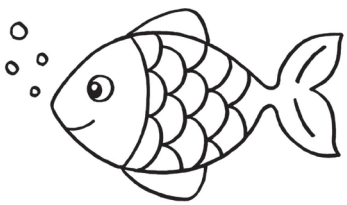

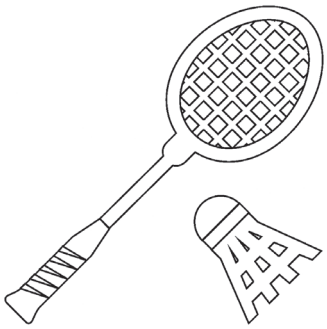

F. Write 'Living' or 'Non-living' for the given pictures. Colour them too.

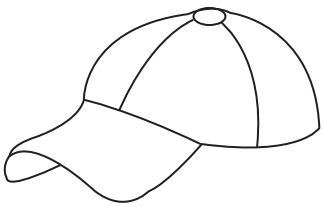

[Creative Thinking]

G. Write two features of living and non-living things:

Living Things

_____

_____

Non-living Things

_____

_____

H. Find the given words from the word search puzzle:

BREATHE OCEAN BULB
HUMAN GROW LIVING
